Christmas Charades Cards

Best for: Ages 5+ • ESL A1–B1

How to play

1. Cut out the cards and put them face down in a pile.
2. One student takes a card and acts out the word without speaking.
3. Their team guesses before the time runs out (try 60 seconds).
4. Each correct guess is 1 point. Take turns until the cards run out.

Classroom variations

- **Heads Up style:** the guesser holds a card to their forehead without looking. Classmates give clues until they guess it.
- **Describe it (speaking practice):** explain the word without saying it. Example: *"You build this outside with snow and a carrot nose."*
- **Silent relay:** teams line up, and each student mimes the next card for the next teammate.
- **Say it in a sentence:** after each correct guess, the team uses the word in a full sentence for a bonus point.

Tips

- Start with the shorter, easier cards for younger students and beginners.
- Let shy students act in pairs.
- Use the blank cards on the last page for your own vocabulary.
